Professional Experience

SentinelOne | Senior Manager, Content and Systems Enablement | Remote | Jul 2024 to Aug 2025

- Partnered with VP Sales, Sales Operations, and Global Revenue Enablement to define segment-level enablement strategy, aligning programs with AOP, pipeline, and win-rate goals, and regularly communicating impact to senior leadership.
- Owned the full lifecycle of core programs (onboarding, everboarding, manager coaching, competitive enablement) from needs analysis and design through content development, delivery, reinforcement, and measurement, contributing to a 50% reduction in ramp time for new hires.
- Worked with Sales, CS, and Partner leadership, plus high-performing reps to identify business needs, design learning journeys, launch programs, gather feedback, and iterate based on performance and usage data.
- Drove 100% MEDDPIC adoption by embedding qualification criteria directly into Salesforce stage gates, manager coaching templates, and deal reviews, improving forecast accuracy and deal inspection quality.
- Architected a “Manager Coaching OS” (structured 1:1 templates, call rubrics, and coaching guides) adopted by 90% of frontline managers within six months.
- Enforced data-driven content governance, retiring 800+ stale assets and establishing a “three-click” content discovery standard in Highspot, significantly improving field efficiency.

Twilio | Senior Sales Enablement Manager, Growth | Remote | May 2022 to Feb 2024

- Leveraged 6sense and ZoomInfo intent data to prioritize account focus and tailor enablement around high-intent segments, helping reps target the right accounts with the right plays at the right time.
- Led global enablement for a 150+ person GTM organization (SDR, AE, AM, CS, SE), focusing on bringing order to ambiguous processes and scaling repeatable programs across regions and segments.
- Partnered with Sales Leadership, Product Marketing, and RevOps to align enablement initiatives to pipeline creation, stage conversion, and retention goals; reported progress and impact via quarterly business reviews.
- Drove \$700K in annual savings by consolidating redundant licenses (Salesforce, Gong, Highspot) and standardizing GTM workflows, improving data quality and usability for Revenue Operations.

- Deployed “WiseOwl,” an AI-enabled sales assistant integrated into Slack and Salesforce, reducing seller content search time by 60% and improving time-to-knowledge for the field.
- Orchestrated global Challenger/value-selling workshops and reinforcement programs, resulting in a 40% lift in stage conversion and an internal enablement NPS of 80.
- Led cross-functional project teams across Sales, CS, Product Marketing, and CS Ops to deliver outcome-based learning programs with clear project plans, timelines, and success metrics.

Tessian | Global Sales Enablement Director | Remote | Dec 2019 to Nov 2020

- Founded and built the global enablement function across EMEA and North America, owning strategy and execution for onboarding, continuous learning, and Sales Kickoffs (SKO).
- Partnered with Product and Marketing to roll out persona-based messaging and multithreading frameworks, driving a 19% lift in enterprise conversion within six months.
- Reduced time-to-first-deal by designing sequenced learning paths and role-play certifications for all GTM roles, improving ramp predictability and consistency.
- Increased sales readiness scores by 35% by restructuring Highspot with intuitive taxonomies and implementing automated playbook and battlecard maintenance.

Cofense | Sales Enablement Director | Remote | Oct 2018 to Sep 2019

- Led global enablement during the PhishMe → Cofense rebrand, aligning Sales, Marketing, and RevOps on new positioning, messaging, and competitive narrative.
- Implemented Allego as the core LMS for scenario-based practice and assessments, achieving a 96% certification pass rate across GTM roles on new messaging and product positioning.
- Built objection-handling frameworks and competitive battlecards that increased prospecting success by 27% and directly influenced \$1.0M in net new ARR.

Earlier Experience

Mimecast | Sales Enablement Manager | Remote | 2017 to 2018

- Facilitated GTM onboarding and Command of the Message reinforcement for Sales, reducing ramp time by 25% and increasing KPI attainment by 20%, with a training NPS of 93.

Proofpoint | Account Executive | Remote | 2014 to 2017

- Top-performing Account Executive for mid-market and enterprise new business; multiple President’s Club awards and consistent over-quota performance.
